The city water had high TTHM

in May 2014 and Aug . City of Flint didn't inform the residences the high levels . Jan 2 2015 they send letters that the water had high TTHM. Now I been sick with really bad asma my pets been sick. My handy cap child gets a rash from taking baths. When I take a shower the water burns my eyes. I'm sick when I get out felling light headed dizzy. The water is still to high can't drink or bath in it. Paying top dallors for poison. \$150 a month
